I am requesting that (insert name of proxy) _____ receive access to my health information that is available in my WellStar MyChart record. This person is my designated MyChart proxy. I authorize WellStar Health System to release the health information contained in my MyChart record to my MyChart proxy. I understand that the medical information in MyChart is obtained by my electronic medical record and may include information from all facilities listed in WellStar's practice directory. I authorize release of any information contained in my MyChart medical record held by WellStar Health System to my designated proxy.

I authorize release of this information only through my MyChart record. This form does not authorize release of my medical record to my designated proxy by other methods or in other forms.

I understand that once information has been disclosed, it potentially may be re-disclosed by the proxy and the information may not be covered by federal privacy protections.

Participation in MyChart and designating a MyChart proxy is completely voluntary. I understand that I am not required to designate a proxy and I am not required to provide this authorization. I also understand that WellStar does not condition any of my health care treatment, payment, or other services on whether I provide this authorization. However, I also understand that if I do not provide authorization, WellStar is not permitted to provide access to my MyChart record to my designated proxy.

I may revoke this authorization at any time by contacting my primary care physician or via MyChart. I understand that if I revoke this authorization, my designated proxy's access to my MyChart record will be ended. I also understand my revocation will not affect any disclosures that were made prior to processing the revocation request.
