

Requesting Your Record in MyChart

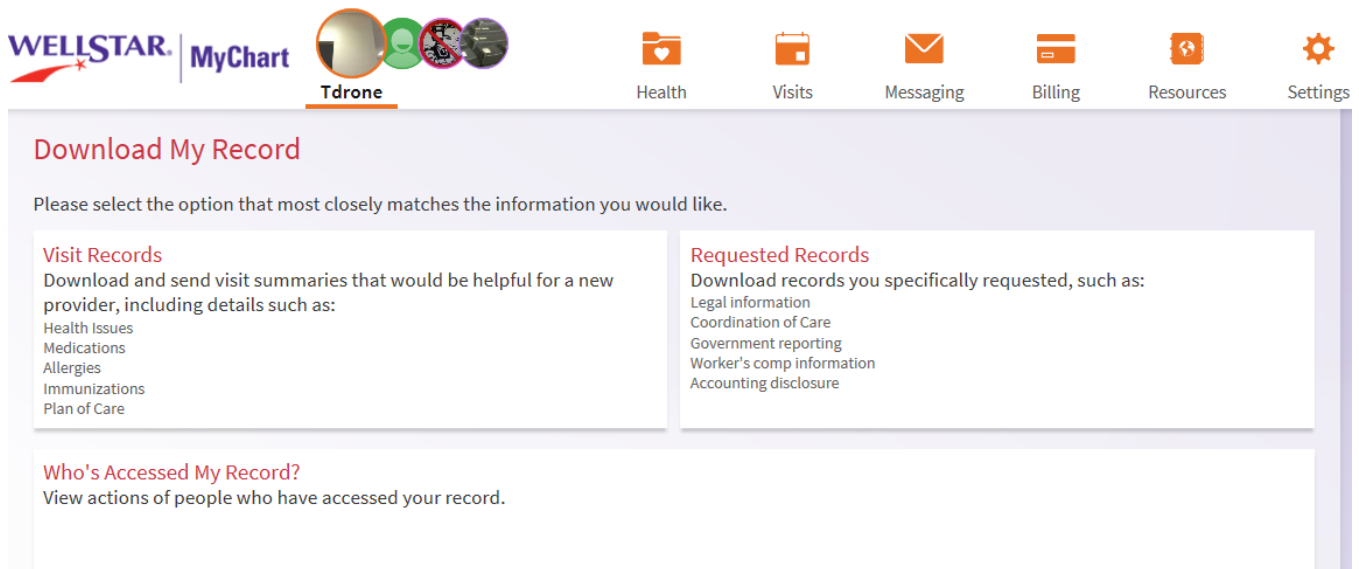

This tip sheet describes how to request your record via MyChart. There are multiple options of records you can download; visit records, requested records or who's accessed your records.

Try It Out

1. Upon logging into your MyChart account, navigate to the **'Download My Record'** option under the **'Health'** icon

2. From the Download My Record page, there are three options; Visit Records, Requested Records and Who's Accessed My Record?

3. Visit Records – allows you to download medical information from your record. This option may be helpful to you if you are transitioning to a new provider or need to provide proof of medical documentation (immunizations etc.) for work or school etc. From the Visit Records page, you can select; single visits, visits within a date range or all visits. You also have the option with Lucy to download a portable copy of your current; allergies, medications, current health issues, procedures, test results and immunizations.

Visit Records

Select the visits you'd like to view, download, or send. You can select a single visit or multiple visits using the options below. Your Lucy Summary is also available.
