

## Symptom Checker

This tip sheet describes how to utilize the Symptom Checker tool in MyChart. Symptom checker is a tool to allow self-evaluation of symptoms you may be experiencing and receive recommendations for next steps.

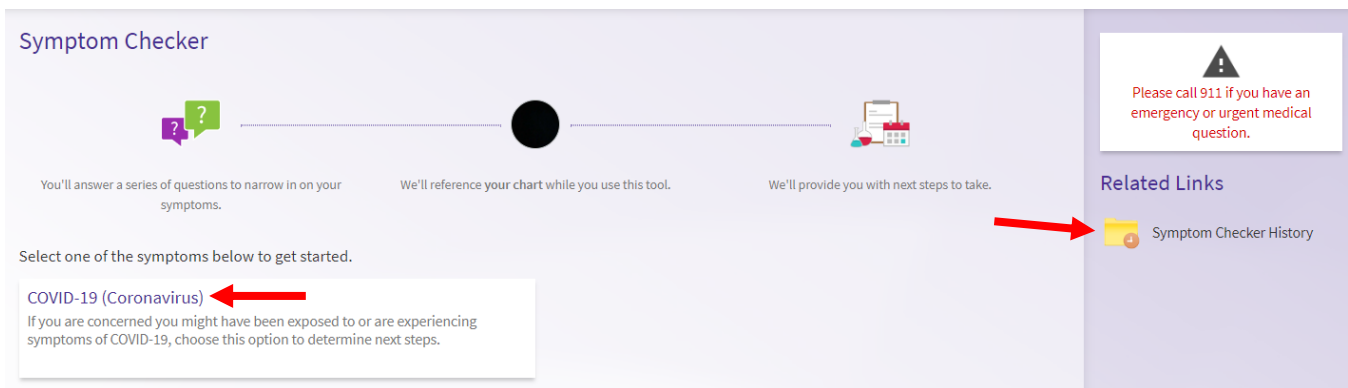

**Please Note: This self-triage assessment will become part of your medical record so please make sure you answer these questions based on your health condition and not for a family member or friend**

### Try It Out

- After logging into your MyChart account, navigate to the **'Health'** menu selecting **'Symptom Checker'**. This activity is also accessible under **'Quick Links'**.

- From the Symptom Checker activity, select the appropriate symptom to begin. You can also view previous Symptom Checker submissions under the **'Related Links'**.

- Upon completion of the questionnaire, you may be presented with recommendations for next steps and/or self-treatment. Unsubmitted responses will remain in your MyChart account for 48 hours before expiring.

If you have any other questions or need further assistance, please contact our service desk.
